

Residual ACT Information

The ACT test is required for entry to SNU

If you have not taken either the SAT or ACT on a National Test Day, then you are required to take the Residual ACT exam for acceptance into SNU. Your exam results help us in making sure you are enrolled in the correct General Education track and placed in the correct initial courses.

Results of the Residual ACT exam are handled differently

- Your Residual ACT scores from the test taken at SNU are only reported to SNU and are not available to other schools or institutions.
- According to NCAA guidelines, Residual ACT test results cannot be used to establish eligibility for student athletes. Eligibility can only be based on exam results taken on one of the National Test Dates.
- Eligibility for scholarships can only be based on ACT exams taken on National Test Dates.

Testing Dates

Call the Admissions Office at 405-491-6324 to see when the Residual ACT exam will be given. Usually there are two dates in the summer and one in the spring. You need to register through the Admissions office in advance.

Registration

The nonrefundable test registration fee is \$59.50, payable by check, money order, or credit card to Southern Nazarene University. The admissions office must receive your registration fee and application at least three days in advance of the test.

Bring with you

On test day, you must present legally verified, official photo identification, such as a driver's license or other photo ID issued by state or federal government. Also bring with you an ACT approved calculator if you would like to use it on the math portion of the test.

Where to go on test day

Check in at the admissions office 30 minutes before your exam time.

Test day preparation

Visit ACT's website at www.actstudent.org for test day preparation; however, many details for taking the Residual ACT exam are different than taking the ACT on a National Test Date. We will provide you the details you need to know after you have registered.

When results are available

Exam results will be available within five working days after the exam. The test results are automatically forwarded to the SNU Admission's and Registrar's Offices after being scored.
