“You and the Future”

Rarely have university students thought more seriously about their lives than in these days. Early 21st Century events have forced young and old to contemplate their circumstances with concern and even anxiety. Many have elected to go, or return, to institutions of higher learning, seeking answers related to vocation, calling, purpose, and relationships. In periods of uncertainty, study and reflection often provide answers to the most important questions we will ever consider.

For over a century, **Southern Nazarene University** has been a place where dedicated faculty have partnered with students to find guidance in coping with life's most significant issues. Easy answers are not usually the result of the search. Genuine openness and honest seeking produce answers that sustain one even in the most challenging times. This type of community learning is at the heart of our mission to “educate for responsible Christian living.”

Founded in 1899 by people of deep faith, SNU exists to lift up Jesus Christ, to develop knowledge of the Holy Bible, to intentionally integrate faith with all knowledge, and to produce leaders with a servant heart. Learning and service go together naturally in our community of seekers.

If this type of educational philosophy appeals to you, read further. **Southern Nazarene University** may be the institution that can fill your need to prepare for the future!

SOUTHERN NAZARENE UNIVERSITY

Mission

Southern Nazarene University educates students for responsible Christian living within the contexts of the liberal arts, selected professional and graduate studies, a Wesleyan-holiness theological perspective, and a cross-cultural community life. Through its primary relationship to the Church of the Nazarene in the South Central Region of the USA, the University is the church at work in higher education integrating faith, learning and life.

Purpose Statements

The Southern Nazarene University mission guides faculty, administration, staff and students in seeking to transform society and focuses our efforts on the following purposes:

- Inviting the university community to live as followers of Christ and to encounter the Wesleyan vision of Christian life and thought;
- Establishing and maintaining undergraduate and graduate programs that equip students to be life-long learners and assist them in personal and professional preparation;
- Providing educational excellence for students who represent a wide range of academic ability, life experience, socio-economic and ethnic backgrounds;
- Encouraging development of the whole person by engaging students in responsible participation and leadership in co-curricular programs;
- Promoting student learning through both cross-cultural educational and service opportunities; and
- Achieving and sustaining a level of institutional stewardship adequate to support and enhance the mission of the University.

Motto

The university motto of *Character – Culture – Christ* has been used for nearly 75 years and although the mission has undergone various modifications in wording and emphasis, the descriptors of the motto reflect the institution's most basic ideals. The continuity provided by this motto keeps the institution focused on the pivotal role of education in character development, the nurturing of cultural appreciation and critique, and the tremendous potential of simultaneously pursuing the best in both educational endeavor and Christian commitment. These aspects of the motto come together to provide the foundation for the mission of "educating for responsible Christian living."

Location

Southern Nazarene University is located on a 44-acre site in Bethany, Oklahoma, a western suburb of Oklahoma City. An additional 137 acres is under long-term lease from the Oklahoma City Airport Authority and City of Bethany for use as an athletic complex. Oklahoma's largest city, Oklahoma City, is at the crossroads of three interstate highways (I-40, I-44, and I-35) and is served by several national and regional airlines. SNU also maintains a campus center in Tulsa, Oklahoma.

A Christian Community

Southern Nazarene University is committed to the development of the whole person. All interactions on campus are guided toward this goal. Personal development occurs throughout the campus community as faculty and staff engage students in opportunities that promote maturation, enhancement of skills, and the integration of faith, learning, and living.

Although Southern Nazarene University is an institution of the Church of the Nazarene, over thirty denominations are represented in the student body. All who desire a solid education in an atmosphere that is thoroughly Christian are welcome.

Excellence in Academics

At Southern Nazarene University, enthusiasm for academic excellence is catching. The SNU mission of educating for responsible Christian living includes a firm commitment to loving God with the mind as well as the heart, soul, and strength. In pursuing this commitment, students are challenged to engage significant ideas and to examine those ideas in light of Christian truth, so that they can become educated persons of faith. Many schools offer excellent training; some schools emphasize a Christian perspective. SNU is thoroughly committed to combining academic excellence with a well-founded Christian worldview.

Student Conduct

Southern Nazarene University, as an educational community sponsored by the Church of the Nazarene, has adopted a mission statement focused on "educating for responsible Christian living." SNU is a community of developing scholars and growing Christians. Behavioral expectations emerge because of the unique nature of this community. By applying for and receiving admission to the University, students freely and willingly choose to take upon themselves the responsibilities outlined in the statement included on the application for admission to the Graduate School.

Student Services

Counseling Services

Recognizing that students have a variety of concerns, problems, interests and needs, SNU provides an on-campus counseling program staffed by professional counselors. Services are confidential, oriented toward problem solving and designed to increase coping skills and maintain the ability to function at full capacity. Students, staff and faculty are encouraged to take advantage of these counseling opportunities, located in the Office of Student Development.

Financial Assistance

The Financial Assistance Office is organized to serve the needs of both traditional and non-traditional graduate students.

Non-traditional students contact the Financial Assistance office in Royce Brown, Suite 201. The telephone number is (405) 491-6685.

SOUTHERN NAZARENE UNIVERSITY

Traditional students (MA Theology) call the Financial Assistance Office in Bresee Hall 101. The telephone number is (405) 491-6310.

Career Center

The Career Center is located in the Webster Commons (Lower Level). While the services are primarily geared to the undergraduate student, graduate students are welcome to investigate services offered as they are needed.

Career Interest. Assistance is available to students unsure about their career direction. The Center offers vocational and interest testing, self-assessment tools, vocational outlook and career information.

Placement Services. These services include assistance in preparing resumes, enhancing interviewing skills, periodic campus interviews with prospective employers, job listing and alumni networking.

Computer Network and Access

Network accounts are assigned to students. Accounts provide Internet and worldwide web access, network access, e-mail and access to all computer labs on campus (covered by the Technology Fee). Student accounts will be activated in 1 to 1½ weeks after the semester begins. Each user is assigned a user login ID and password. Student e-mail addresses consist of the login ID followed by @mail.snu.edu. Example: jdoe@mail.snu.edu Further information is available from the Network Help Desk at (405) 491-6396.

The Learning Resources Center

The **R. T. Williams Learning Resources Center** houses the SNU Library, Media Resources Center, Computer Research Center, SNU Archives, and the Academic Center for Excellence. In addition to its in-house collections, the Library utilizes electronic access to provide full-text periodical databases to a large number of periodicals. Public access is available at www.snu.edu/library. The Library's interlibrary loan service provides access to millions of books and periodicals throughout the nation. The Media Resources Center provides checkout services for the campus and houses one of the campus computer labs. The Archives provide access to materials concerning the history of SNU. The Academic Center for Excellence provides tutoring, academic support services, and supplemental instruction.

A Rich Heritage

Southern Nazarene University is the recognized University for the South Central Educational Region of the Church of the Nazarene, which includes Oklahoma, Arkansas, Texas and Louisiana. Known since 1986 as Southern Nazarene University (formerly Bethany Nazarene College), the institution developed through the merging of several educational institutions with the college located at Bethany:

<u>Institution</u>	<u>Founded</u>	<u>Location</u>	<u>United to form SNU</u>
Peniel College	1899	Peniel, Texas	1920
Arkansas Holiness College	1900	Vilonia, Arkansas	1931
Bresee College	1905	Hutchinson, Kansas	1940
Beulah Heights College	1906	Oklahoma City, Okla.	1909
Oklahoma Holiness College	1909	Bethany, Oklahoma	1920
Central Nazarene University	1910	Hamlin, Texas	1929

These educational institutions were founded by men and women who felt the urgent need for trained Christian leadership, both lay and ministerial. In order to provide the best instruction for students in their educational region and to meet the demands of increasing educational requirements set by the Church and the State, educators periodically merged their schools. Grade records from these schools are on file in the Office of the Registrar at Southern Nazarene University.

SOUTHERN NAZARENE UNIVERSITY

Presidents of Southern Nazarene University since its merger have been: A.K. Bracken, 1920-28; S.S. White, 1928-30; A.K. Bracken, 1930-42; S.T. Ludwig, 1942-44; Oscar J. Finch, 1944-47; Roy H. Cantrell, 1947-72; Stephen W. Nease, 1972-76; John A. Knight, 1976-85; Ponder W. Gilliland, 1985-89; Loren P. Gresham, 1989-.

THE GRADUATE SCHOOL

History

Accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the Graduate School has experienced growth in degrees offered and in methods of delivery since graduate study in Religion was approved in 1963. The first degrees were conferred in 1965. In 1968 the NCA gave approval for the School of Education to offer the Master of Arts in Education. In the 1970's various concentrations under the umbrella of the education degree were added. In 1979, courses in the Master of Science, Management program were first offered, and the NCA granted approval for this degree in 1980. The Master of Science in Counseling Psychology program was added in 1992. The Master of Business Administration degree was first offered in 1996, and the Master of Arts in Marriage and Family Therapy and the Master of Arts in Educational Leadership degrees were implemented in 1997. The School of Nursing introduced SNU's newest graduate program, the Master of Science with Nursing major, in 2003.

The Tulsa Center began offering graduate studies in Management in 1992. Currently, the Business (M.S.-Management and M.B.A.), Education (M.A.E.L.), and Nursing (M.S.) programs are offered there. This Center is located at 10159 E. 11th Street in Tulsa. The Center has full-time faculty and staff and offers the full range of services to graduate students. The Dean of Graduate and Adult Studies is responsible for the direction and administration of the site.

Mission

The mission of the University, to educate students for responsible Christian living, is an integral part of the mission of the Graduate School at SNU. All programs are presented from a distinctively Christian worldview and challenge each student to examine values and ethics, both personal and professional, from the assumptions and beliefs inherent in this worldview. These programs are based on the understanding that knowledge of God is available to all people through both revealed and discovered truth. From the Wesleyan perspective, the graduate school is committed to the search for truth in Scripture, experience, tradition and reason.

Nature of Graduate Study

The basic objective of graduate studies at Southern Nazarene University is to provide advanced and specialized study beyond the baccalaureate program. Graduate study is designed to strengthen the academic and professional competence of the student by: developing the capacity for independent study; mastering research skills appropriate to the field of study; and building the analytical, creative, integrative and evaluative techniques as applied to a specialized field of study.

Graduate study presupposes a broad background of knowledge and preparation at the undergraduate level for the desired graduate program. Only students with excellent undergraduate records are admitted to FULL GRADUATE STANDING in the Graduate School. It should be noted that graduate studies differ both quantitatively and qualitatively from undergraduate studies.

The Graduate Council

The Graduate Council is the governance unit for all graduate studies. It is chaired by the Dean of the Graduate School. Council members are:

- University President
- Dean, Graduate School
- Dean, Arts and Sciences
- Vice-President for Academic Affairs

THE GRADUATE SCHOOL

Director of the Learning Resources Center
Directors of Graduate Studies in Education, Management, Nursing and Psychology
One representative from the School of Theology & Ministry; and
Three faculty members holding the doctorate who are elected at-large from areas which do not offer a graduate degree program.

Graduate Faculty

The members of the graduate faculty are elected by the Graduate Council on recommendation of the appropriate school or department and nomination by the Dean of the Graduate School. A minimum of 80 percent of the membership must hold the doctorate or a master's degree plus a recognized professional certification, such as the CPA. Criteria for election have remained unchanged since 1963 when the first council was appointed. Scholarly activity and professional development is a part of all graduate faculty expectations.

A faculty list is provided following the program section of this catalog. Detailed information is printed in the Personnel section.

Policies and Procedures for Graduate Programs

Southern Nazarene University offers the Master of Arts, the Master of Science and the Master in Business Administration degrees. There are three majors in the Master of Arts and three in the Master of Science. Degrees require from 33 to 60 semester hours for completion as outlined in the program-specific sections of this catalog. Two delivery systems, or formats, are used to offer these programs: traditional and modularized.

Policies and procedures are generally the same across degree plans; however, because of the nature of the programs, there are some specific policies that apply only to a particular program or delivery system. All non-traditional modularized programs publish program-specific handbooks that contain all program-specific policies and procedures. **These handbooks function as official extensions of this catalog.**

While we value the quality of student-faculty interaction in all areas, it must be noted that the students are responsible for knowing and maintaining graduate policies, procedures and quality standards for continuance in a graduate program. This catalog and the appropriate student handbook contain all information needed as students enter and progress through a program. **The University reserves the right to make changes in policy and curriculum as necessary.**

Admission and Status

Applicants seeking admission to any graduate degree program or course work must process the application materials through the Graduate Office for approval or denial. Each program office conducts the screening process for the specific degree the applicant wishes to pursue. The Graduate Office takes final action on all applications to the graduate school. It is possible to be admitted to the graduate school and to be denied by a particular program since school policies are less specific than the admission process in place for programs. Issues such as numbers admitted to a group, lack of program-specific prerequisites, or not meeting other admissions criteria may result in a denial or a delay.

After the receipt of all required materials, the Graduate Office processes the application. Based upon the materials presented, the Dean admits, delays, or denies each applicant. If an applicant is admitted, he/she is placed in Full, Conditional or Graduate Special standing. The student must complete any deficiencies and progress to FULL STANDING within the first 12 hours of graduate study. If at any time in the

THE GRADUATE SCHOOL

program the student is not making satisfactory progress toward the degree, he/she is placed on Probationary Standing (Status).

Criteria governing each standing are detailed below. All questions regarding student status should be directed to the program Coordinator/Director and the Graduate Dean. The Graduate Office maintains confidential academic records for all graduate students. Permanent records are held in the Office of the Registrar.

Full Standing

An applicant must fulfill the following requirements to be eligible for admission without deficiencies (FULL STANDING):

1. Hold a baccalaureate degree from a regionally accredited college or university (applicants for the MA in Theology are considered for admission if they hold baccalaureate degrees from a college accredited by the Accrediting Association of Bible Colleges [AABC]);
2. Have completed the necessary undergraduate hours in the area of concentration (see specific requirements for each program);
3. Submit fees and completed application for admission to graduate studies (preferably 30 days prior to enrollment. This should include three references or your SNU placement file);
4. Have one (1) official transcript of ALL post secondary work sent to the office of Graduate Studies (preferably 30 days) prior to first enrollment.
5. Demonstrate English proficiency by a score of 19 or higher on the ACT, a B or better in English I or II, admission to teacher education, completion of an SNU Adult Studies degree, or receive a passing score on an admission essay;
6. Have successfully completed the appropriate entrance exam within five (5) years of the date of the application: GMAT, GSM-QWT or MAT (minimum score 33). See specific requirements for each program;
7. Have earned a cumulative entering GPA of 2.70 and a 3.00 GPA in the last 60 hours (based on a 4.00 scale). A student deficient in this entering GPA is placed in CONDITIONAL STANDING for 12 semester hours during which time a 3.00 GPA must be maintained to be advanced to FULL STANDING.

Conditional Standing

Applicants who do not meet all of the above requirements may, by action of the Graduate Dean, be admitted to graduate studies on CONDITIONAL STANDING. FULL STANDING may be granted when deficiencies are met.

Deficiencies must be met within the first semester of full-time enrollment or within the first 12 hours for part-time enrollments.

Graduate Special Standing

Students who wish to enroll in a limited number of graduate hours, but who do not wish to pursue or do not meet requirements for Full or Conditional standing, may be admitted to GRADUATE SPECIAL STANDING. No more than nine (9) hours earned as a Graduate Special may apply to a degree.

Probationary Standing

The student is allowed to remain on probation for no more than nine (9) hours of course work. The most typical reason a student is placed on probation is a grade-point average that drops below the required 3.00 on a 4.00 scale.

Degree Sequence

1. Submission of all admission materials to the Graduate Office. If not admitted to FULL STANDING, the student must remove all deficiencies within the first 12 hours of graduate work.

THE GRADUATE SCHOOL

2. The Coordinator or Director assigns a graduate committee in consultation with the student. The committee is approved by the Graduate Dean.
3. For students in the MA with a concentration in Theology, the program of study must be submitted no later than the semester before expected completion of the degree. The approved program must be on file before the student applies for candidacy. The MS-Management, MBA, MAMFT, MSCP, MAEL and MS-Nursing programs allow no transfer work and the program of study is standard for each program.
4. Candidacy Application submitted to the Graduate Office (See Admission to Candidacy section below).
5. Application for Graduation submitted to the Graduate Office.
6. Completion of all requirements for the degree.
7. Exit Evaluation conducted by committee.

Enrollment in Graduate Courses

A student will not receive graduate credit for any coursework unless admission to the Graduate School has been given. No retroactive admissions are approved.

Appeals Procedure

All decisions made by the Graduate School administrators and instructors affecting students may be appealed.

Graduate Grade Changes and/or Appeals

1. Pre-Appeals
 - a. Discuss with faculty instructor to seek resolution.
 - b. Discuss with Department/School Chair/Director if not resolved with instructor.
 - c. Any grade change is communicated to the Registrar.
2. Appeals Procedure
 - a. A formal appeal must be initiated by the student within one semester after the grade is issued.
 - b. If the pre-appeals procedure does not result in a resolution, the appeal is initiated with the Graduate Dean and relayed to the appeals board consisting of the Graduate Dean, Academic Dean and three additional members of the graduate faculty, of which at least one will be selected for relevant expertise. Both the appealing student and the faculty instructor will be asked to submit documentation in writing. Neither will participate in the appeals board's deliberations. Any action requiring a grade change will be processed by the Graduate Dean and the Registrar. Results will be communicated to all parties.
 - c. In the event an appeal is initiated and the appeals board is not available, an appeals committee will serve. This committee will consist of the Graduate Dean, Academic Dean, Registrar and the Department/School Chair/Director.

Special Requirements for International Students

In addition to the regular standards for admission, the English as a Second Language (ESL) student must submit a score of 550 or better on the traditional version or 213 or better on the computer version of the Test of English as a Foreign Language (TOEFL). A student may be exempted from the TOEFL requirement if he/she demonstrates a functional competency, as determined by the program to which the student seeks admission, in the use of the English language during the admissions process, AND if his/her baccalaureate degree was earned from a regionally accredited college or university while in residence in the United States.

Maximum Course Loads

For traditional graduate students, the normal course load is nine (9) to twelve (12) hours during a semester and three (3) hours during the summer term. Heavier loads are permitted only with the approval of the Graduate Dean. In the non-traditional, modularized programs, course loads are determined by program design.

Undergraduates Receiving Graduate Credit

This option, which is restricted to traditional courses and programs, allows a currently enrolled SNU senior, within one semester of completing graduation requirements, to enroll in no more than nine (9) hours in the Master of Arts degree program. Students must have prior approval of the appropriate Coordinator or Director and the Graduate Dean. Formal admission to the Graduate School as a Graduate Special Student is also required.

Enrollment in degrees delivered in non-traditional formats is limited to those who have completed the baccalaureate degree.

Auditing

Audits carry no credit. Students may audit traditional courses on a space-available basis. Contact the Business Office for the current audit fees. No audits are allowed in modularized courses.

Independent and Directed Study

A maximum of six (6) hours of independent or directed study can be used toward a degree unless the program allows fewer (e.g. Theology).

Correspondence and Extension

Southern Nazarene University does not offer correspondence work, and accepts neither correspondence nor extension credit at the graduate level.

Residency

All non-traditional modularized courses require all courses to be taken in residence. The residency requirement for traditional programs may be fulfilled with one semester (eight [8] semester hours during a regular semester or six [6] hours during summer sessions) in residence study, or with an alternate program of study or activity approved by the individual's Coordinator and the Graduate Dean.

Transfer Credits and Study on Consignment

Non-traditional, modularized degree programs are course and sequence specific. No transfer or consignment credit is accepted for these programs.

In traditional programs, up to nine (9) semester hours of graduate credit may be transferred from regionally accredited colleges prior to admission to candidacy, provided grades of B or above were earned. Transcripts are evaluated on a case-by-case basis for such work. Study on consignment is designed to allow students in a traditional degree program to enroll in another institution for a limited amount of course work that is consistent with the student's approved degree program. Study on consignment must have the prior approval of the student's graduate Coordinator and the Graduate Dean.

Once a student has been admitted to candidacy, he/she cannot take courses elsewhere to count toward the degree except on consignment. Total graduate course credit accepted by transfer and/or on consignment shall not exceed nine (9) semester hours.

THE GRADUATE SCHOOL

Cognate Fields

The degree program in Theology allows cognate courses that may be selected from any field in which traditional graduate courses are offered at SNU. If special permission is given by the Graduate Dean and the student's program Coordinator, cognate courses may be taken in other fields by consignment or transfer.

Statute of Limitation

Course work for the Master's degree must be completed within six years of the date of the first registration in a degree program. All transfer work accepted must also be earned within these six years.

Admission to Candidacy

A graduate student is considered a candidate for the Master's degree after being formally admitted to candidacy by vote of the Graduate Council.

Applications for candidacy are filed with the Graduate Dean no later than the beginning of the semester in which the candidate expects to graduate. Admission to candidacy will be based upon the following criteria:

1. Admission to Full Standing (see above section for criteria for Full Standing);
2. Completion of a minimum of nine (9) semester hours of graduate work in residence with a grade average of B and no grade below C;
3. Recommendation from the appropriate program Director or Coordinator;
4. For Theology candidates, completion of or concurrent enrollment in at least 12 hours;
5. An approved program of study on file (processed through the appropriate Coordinator or Director to the Graduate Dean);
6. An approved prospectus on file (for candidates writing a thesis).

Application for Graduation

Each student is expected to submit an application for graduation early in the semester before expecting to complete requirements for graduation. If the student is not able to complete degree requirements for the specified commencement, the Graduate Office must be notified and a new application filed. Non-traditional students will work with the appropriate Director to submit applications at the appropriate point in the program sequence.

Requirements for Graduation

1. Admission to Full Standing;
2. Admission to Candidacy for the Master's degree;
3. Completion of a planned program of the required semester hours (programs vary from 33 to 60 semester hours—see program sections) with a grade average of B (3.00 on 4.00 scale) or above;
4. For the student following a non-thesis plan, satisfactory performance on the exit evaluation;
5. For those taking the thesis option, submission and defense of an acceptable thesis.

Exit Evaluation/Thesis Defense

Each degree program requires an exit evaluation. The form and expectations differ according to the design of the program. The candidate should check with the Graduate Coordinator or Director in his/her specialization for details.

Non-thesis students must complete the exit evaluation ten calendar days prior to graduation. Thesis students must complete the thesis defense three weeks prior to Commencement.

Commencement and Degree-Granting Dates

Southern Nazarene University grants degrees in August, December and May of each academic year. Commencements are held in May and December. All requirements for graduation must be completed to participate in a Commencement. Students with outstanding requirements will participate in a subsequent Commencement.

Students who complete all requirements for the degree may request an official transcript with a temporary degree statement to use until the degree is granted.

Second Master's Degree

A student who holds a Master's degree from Southern Nazarene University may earn a second Master's degree by completing all program requirements required for the second degree.

1. A student may apply no more than nine (9) hours of work from the first degree to a second degree;
2. All course-work applied to a degree must be no more than six (6) years old (see Statute of Limitation).

Course Numbering

Courses carrying graduate credit are arranged on three levels designated by the first digit in the course number.

1. Courses numbered 6000-6099 are designed for graduate students only.
2. Courses numbered 5000-5099 are graduate level courses which may be open to select undergraduate seniors with permission of the Graduate Dean.
3. Courses numbered 3000-4099 are advanced upper-division undergraduate courses that may be open to graduate students when the Graduate Council has approved these courses and the professor is a member of the graduate faculty or has been approved by the Graduate Dean. These courses are included in the departmental listings of courses of instruction in this catalog.

Grades and Grade-Point Averages

The Graduate School issues the following grades. Grade points are calculated on a 4.00 scale. P and NC receive no grade points and are not counted in the GPA.

A	4.0	P	A or B work, not computed in GPA
A-	3.7	W	Withdrawn
B+	3.4	DC	Deferred Credit
B	3.0	NC	No Credit
B-	2.7	X	Continuing Thesis
C+	2.4		
C	2.0		
D	1.0		
D, F	Non-passing; course must be repeated to receive credit.		

A grade-point average of 3.00 or above on all courses completed for graduate credit is required for admission to candidacy and for graduation. **It should be emphasized that any course in which a D, NC or F is earned must be retaken.** In calculating the grade-point average after a course is repeated, only the replacement grade is used. The original D, NC or F remains on the transcript but is coded to indicate the course has been retaken.

Tuition and Fees

Tuition is the same for all graduate courses. Call the Graduate Office for current tuition.

Application Fee \$25.00
(Paid once, at first application to the Graduate School.)

THE GRADUATE SCHOOL

General Fees for traditional courses (per credit hour). Call the Graduate Office.

Program fees vary by non-traditional programs.

Non-refundable registration fee (non-traditional programs)	\$150.00
Thesis Binding Fee (traditional programs)	\$40.00
Program Change Fee (non-traditional programs)	\$500.00

GRADUATE PROGRAMS IN COUNSELING

MASTER OF SCIENCE IN COUNSELING PSYCHOLOGY (MSCP)

MASTER OF ARTS IN MARRIAGE AND FAMILY THERAPY (MAMFT)

There are two graduate degree programs in Psychology: a Master of Science in Counseling Psychology (MSCP) and a Master of Arts in Marriage and Family Therapy (MAMFT). The MSCP program is designed to meet the academic requirements for the State of Oklahoma's Licensed Professional Counselor credential and the MAMFT program fulfills the academic licensing requirements for the Oklahoma Licensed Marital and Family Therapist credential. Both programs share a common core of coursework and are delivered in an accelerated, modularized format.

The MSCP and MAMFT programs are committed to building thoughtful, informed, caring Christian persons who are contributing professionals to the field of counseling psychology and marriage and family therapy. It is the program's goal that persons completing the program acquire the skills and perspectives requisite to effectiveness in the conduct of both their professional and personal lives. Also regarded as essential is the student's knowledge of and appreciation for the contributions of orthodox Christianity and the Wesleyan/Arminian tradition to understanding human nature, human behavior and factors affecting behavior change. The focus of the programs, therefore, is on producing qualified, credible professionals who can bring the added dimension of a Christian perspective that duties their professional endeavors.

Specific emphases of the program include:

- understanding the discipline's major issues (philosophical, methodological, social), and an articulation of the complexities of those issues.
- understanding the current trends and developments in the field within the context of the historical underpinnings of the discipline.
- appreciation for and development of research skills which are essential to understanding the current work of the field as well as to becoming a contributing professional to the field.
- application of current theoretical and research findings to various problems/issues that typically arise in counseling settings.
- development of requisite skills and techniques (listening, reflecting, responding, testing, interpreting, diagnosing, etc.) to be effective as a counselor in today's world.
- increased depth of understanding in selected content areas.
- comparison of various theoretical approaches (and their implications for practice), with integration/synthesis of the commonalities and analysis of the differences.
- sufficient familiarity with various theoretical and worldview positions so that the student can state the basic assumptions of a particular perspective and compose a coherent argument which follows from that specific set of assumptions.
- understanding of the principles that guide ethical decision-making as a practitioner (e.g. those adopted by the APA, AAMFT, ACA, etc.).
- fostering an on-going quest for knowledge, which manifests itself in continuing professional development, professional contribution to the field and life-long learning.
- continuing improvement of written communication skills.
- continuing improvement of oral communication skills.

GRADUATE PROGRAMS – COUNSELING

- expression of a personal philosophy of life from which one's professional emphases and commitments arise; ultimately, this results in the articulation of a preferred counseling approach, along with practice of that approach.

Although not a primary emphasis of the program, the curricular design reflects the flexibility to allow the student to develop expertise in dealing with specific problems/content areas (e.g. substance abuse, incest, marriage & family, etc.).

Specific Admissions Requirements

A variety of information is used in making admission decisions for the MSCP and MAMFT programs. In addition to the Graduate School requirements, admission to the MSCP and MAMFT programs require the following:

Complete the prerequisite courses in General Psychology and Basic Statistical Methods. An applicant must have completed 18 hours in psychology-related coursework.

These courses could include Developmental Psychology, Social Psychology, History and Systems of Psychology, Abnormal Psychology, Psychology of Personality, Psychology of Religion, Principles of Counseling, Psychological Testing, Physiological Psychology, Experimental Psychology, Learning and Memory, and Survey of the Exceptional Child. All transcripts are evaluated by the MSCP/MAMFT Admissions Screening Committee and the MSCP/MAMFT Director to determine whether coursework meets minimum standards.

Satisfactory completion of the MSCP/MAMFT Admission Goals essay, which focuses on the student's background experiences and goals for the future. The essay is evaluated by the MSCP/MAMFT Admissions Screening Committee to assess the applicant's writing skill and the match between the program's objectives and the applicant's goals.

Have a personal interview with a designee from the Admissions Screening Committee.

Satisfactory completion of a professional journal article review. This will be assessed for professional writing competency by the Admissions Screening Committee.

Complete the proficiency exam for the American Psychological Association's writing style in the Publication Manual of the American Psychological Association, (Fourth Edition). The applicant must pass with 80% competency. The exam costs \$10.00, and is only given to applicants accepted for the MSCP or MAMFT programs.

Generally applications are evaluated twice yearly, six weeks before the start date in September and six weeks before the start date in January/February of each year.

Master of Science in Counseling Psychology Curriculum

This course of study is a 60-hour course of study that fulfills the academic requirements for the Licensed Professional Counselor (LPC) designation in Oklahoma. The curriculum is divided into seventeen modules containing theoretical and applied psychotherapy courses, 300 hours of internship, and a thesis. Courses are completed over five non-traditional, accelerated semesters. The courses (modules) are taken sequentially to allow focused study on one subject area at a time. Class meetings occur one night per week for a four-hour session or on intensive weekend courses that meet Friday and Saturday for eight hours each day. Extensive directed study occurs outside the classroom, in preparation for participative learning experiences during class time.

GRADUATE PROGRAMS - COUNSELING

Courses numbered *4000-*4999 are advanced, upper-division undergraduate courses which are also open to graduate students. These courses have additional requirements when taken for graduate credit. Normally, 3000-level courses are not accepted in the M.A. degree program.

Content Area Courses

The seventeen content area courses cover various aspects of counseling psychology. Course descriptions are printed below. Overviews of each course and module assignments are provided in a Student Guide for each module. The courses are as follows:

PSY 5333	Introduction to Counseling Techniques
PSY 5313	Lifespan Development
PSY 6133	Research Methods I
PSY 5263	Psychopathology
PSY 5143	Family and Psychological Assessment
PSY 6333	Theories of Counseling
PSY 5283	Professional Orientation
PSY 6263	Family Crisis Intervention
PSY 6293	Philosophy of Interpersonal Relationships
PSY 6143	Research Methods II
PSY 6243	Marriage and Family Therapy
PSY 6393	Multicultural Treatment Planning
PSY 6353	Counseling the Elderly
PSY 6213	Group Psychotherapy
PSY 5223	Career Assessment & Counseling
PSY 6303	Counseling Children and Adolescents
PSY 6233	Brief Psychotherapy

Thesis

In addition to the courses listed above, a master's thesis (PSY 6993) is required. Specific guidelines for the thesis are provided in a supplemental publication (Thesis Handbook). Work on all three components of the program (modules, thesis, internship) occurs simultaneously. Work on the thesis begins in the Research Methods I module.

A scientist-practitioner model of professional training assumes that in order to become professionally qualified, the student must seek to understand the research underpinnings of the discipline while simultaneously developing counseling knowledge and skills. The thesis is the primary tool for helping the student to develop competency in research.

Internship

Another vital component of counselor preparation is supervised experience in counseling situations. The MSCP student will complete 300 hours of Internship (PSY 6193). This process is initiated briefly in the first module, but is developed more fully during the internship placement. Internships begin in the second semester and are completed by the fourth semester. The internship occurs in approved clinical settings. Throughout the program, the student is encouraged to apply the training from the psychotherapy lab courses. The clinical capstone of the program occurs in the Multicultural Treatment Planning course. The student integrates the assessment, diagnostic and treatment process into a clinical demonstration of his/her ability to conceptualize the dynamics of the client and to articulate a comprehensive treatment plan. Specific guidelines are provided in the [Internship Handbook](#).

Exit Evaluation

All master's degree programs at SNU require an exit evaluation. In the MSCP program, the exit evaluation takes the form of an oral defense of the master's thesis

GRADUATE PROGRAMS – COUNSELING

and a Clinical Portfolio. Specific guidelines for completing the defense are found in the MSCP Thesis Handbook. The thesis defense must be taken no later than three (3) weeks prior to the date on which the degree is to be conferred. Students who have not completed their thesis in the time provided for their program must extend their time to complete their thesis by registering for one hour of thesis credit for each traditional semester that begins six months after completing their regular courses. Payment for the thesis extension is necessary to continue in the MSCP program.

Master of Arts in Marriage & Family Therapy Curriculum

The MAMFT program is a 48-hour program designed to meet the academic requirements for the Licensed Marital and Family Therapist license in Oklahoma. The curriculum is divided into fourteen modules containing theoretical and applied psychotherapy courses, and 300 hours of internship. Courses are completed over four non-traditional, accelerated semesters. The courses (modules) are taken sequentially to allow focused study on one subject area at a time. Class meetings occur one night per week for a four-hour session or on intensive weekend courses that meet Friday and Saturday for eight hours each day. Extensive directed study occurs outside the classroom, in preparation for participative learning experiences during class time.

Content Area Courses

The fourteen content area courses cover various aspects of counseling and marriage and family counseling. Detailed descriptions, overviews of each course and module assignments are provided in a Student Guide for each module. The courses are as follows:

PSY 5333	Introduction to Counseling Techniques
PSY 5313	Lifespan Development
PSY 6133	Research Methods I
PSY 5263	Psychopathology
PSY 5143	Family and Psychological Assessment
PSY 6333	Theories of Counseling
PSY 5283	Professional Orientation
PSY 6263	Family Crisis Intervention
PSY 6293	Philosophy of Interpersonal Relationships
PSY 6343	Marital and Family Systems
PSY 6243	Marriage and Family Therapy
PSY 6353	Counseling the Elderly
PSY 6393	Multicultural Treatment Planning
PSY 6303	Counseling Children and Adolescents

A scientist-practitioner model of professional training assumes that in order to become professionally qualified, the student must seek to understand the research underpinnings of the discipline while simultaneously developing counseling knowledge and skills.

Internship

Another vital component of counselor preparation is supervised experience in counseling situations. The MAMFT student will complete 300 hours of Internship (PSY 6196). This process is initiated briefly in the first module, but is developed more fully during the internship placement. Internships begin in the second semester and are completed by the fourth semester. The internship occurs in approved clinical settings. Throughout the program, the student is encouraged to apply the training from the psychotherapy lab courses. The clinical capstone of the program occurs in the Multicultural Treatment Planning course. The student integrates the assessment, diagnostic and treatment process into a clinical demonstration of his/her ability to

conceptualize the dynamics of the client and to articulate a comprehensive treatment plan. Specific guidelines are provided in the [Internship Handbook](#).

Exit Evaluation

All master's degree programs at SNU require an exit evaluation. In the MAMFT program, the exit evaluation takes the form of a Clinical Portfolio that is presented to the faculty. Specific guidelines for completing the Clinical Portfolio are available in the MSCP/MAMFT office. The Clinical Portfolio is intended to evaluate the student's competence in assessing, diagnosing and treating clients. In addition, students will be evaluated on their understanding of professional and ethical issues related to practicing as a marriage and family therapist.

Cognitive behavioral therapy seeks to understand the foundation of behavior through cognitive schemes. Outcome studies indicating the efficacy of these models will be discussed. Students will be required to complete assignments and journal activity before the class commences. Students will be required to practice cognitive behavioral techniques with peers during the course.

6243 Marriage and Family Therapy (3 Hours)

This course addresses the practice of marital and family therapy. It is designed to teach theory application, technique formation, technique delivery and follow-through in marital and family therapy. The application of family systems theory to the practice of family therapy is the foundation for this course. Techniques in marital and family therapy such as joining, relabeling, reframing, structure change, pattern enhancement, first- and second-order change, power word unpacking and faith-language framing will be taught. Instruction in the assessment and utilization of the family's language, rules and structure will be provided.

6263 Family Crisis Intervention (3 Hours)

An applied psychotherapy lab course that engages the student in both the theoretical foundations for crisis intervention and in the actual and practical experience of implementing crisis intervention techniques. Students will review literature relevant to intervention in crisis situations as well as engage in a didactic interchange with speakers who work within the framework of crisis intervention as their occupation. Students will be instructed in the stages of emergency and crisis situations and the theoretical frameworks for describing crisis events. In addition, students will actively participate in a staged crisis situation and will develop crisis intervention strategies within the class setting. These strategies will include emergency assessment techniques for individuals who have the potential to harm themselves or others.

6293 Philosophy of Interpersonal Relationships (3 hours)

Considers worldviews with regard to situations that are an inherent part of the human condition, such as suffering, change, trauma, and so forth. Focus is on an understanding of such conditions and the garnering of resources for coping with these situations. Special emphasis will be given to the ways in which the various philosophical positions give rise to ethical considerations.

GRADUATE PROGRAMS – COUNSELING

6303 Counseling Children and Adolescents (3 Hours)

An advanced counseling course focused on specific techniques used in diagnosis and treatment of children and adolescents. Normative and non-normative aspects of development are examined to assist in understanding appropriate interventions. DSM IV diagnoses found in children and adolescents are evaluated. Legal and ethical issues related to intervention with minors are also explored.

6333 Theories of Counseling (3 Hours)

This course provides an overview of the major viewpoints underlying various approaches to counseling. It shows how these viewpoints developed as well as the ways of influencing outlook and technique in counseling. You will have opportunity to see the various viewpoints in action as used by others and to apply them in role-played counseling sessions. Critique of the theories will include emphasis on Christian perspectives.

6343 Marital and Family Systems (3 Hours)

This course is the foundational material for discovering how Marital and Family Therapy approaches human relationship problems. Marital and Family Therapy utilizes systemic theory as problems and problem resolution in a different way. This "different way" brings focus on the processes or context that is giving meaning to events instead of the individuals or the events themselves. Examination of marriage and family in the context of a system will be the theme of this course. Students will evaluate the usefulness of the concepts; equilibrium, fusion, recursion, morphostasis, morphogenesis, rules, boundaries, equifinality, equipotentiality, wholeness, complementary, enmeshment, disengagement and other system concepts, in their models of therapy.

6353 Counseling the Elderly (3 Hours)

A major emphasis for this course will be the multitude of changes that elderly adults experience and how these changes can result in issues that are addressed in a counseling setting. Normal and non-normal physiological changes and memory changes will be identified and discussed. Depression, substance abuse and the high incident of elderly suicide will be highlighted. Geriatric assessment evaluation tools will be reviewed with emphasis on strengths, limitations and scoring. Caregiving dynamics, both spousal as well as adult child, will be included as they impact the elderly client. An integration of how these factors can become an integral part of the dynamics in a counseling setting will be identified with discussion centering on effective strategies.

6393 Multicultural Treatment Planning (3 Hours)

This course is a synthesis of the student's clinical training. The student is taught how to coordinate diagnostic interviewing, psychological assessment techniques and diagnosis to assist in developing appropriate treatment plans for clients. Students will demonstrate appropriate use of DSM-IV diagnostic skills and illustrate an awareness of the growing body of literature on empirically based treatment planning. Multicultural aspects of counseling and treatment planning are investigated.

6993 Thesis (3 Hours)

Completion of an empirical, behavioral research study, as approved by the program. A prospectus must be presented and approved prior to execution of the study. The written document follows APA style guidelines and format. Two oral presentations are also required and are scheduled as a part of the course work requirements.

**SCHOOL OF EDUCATION
MASTER OF ARTS
EDUCATIONAL LEADERSHIP
(MAEL)**

The Master of Arts in Educational Leadership (MAEL) Program is for teachers who want to be equipped with the necessary skills and knowledge to become effective educational administrators. It is designed to meet very specific needs of persons wishing to prepare for an active role in decision-making in both public and private schools. In this rapidly changing information world, such things as finance, law, public/private debate, and understanding and addressing the needs of an increasingly diverse culture, will be needed for this challenging profession. This offering also meets curriculum requirements for Oklahoma licensure/certification in administration.

OBJECTIVES/GOALS: The Master of Arts in Educational Leadership is based on the following Ten Principles of Leadership. It is the goal of this program to develop individuals committed to:

1. Truth – Education is the pursuit of truth in the making and living of life. This commitment includes a belief in the spiritual dimensions to life. This notion of God as Creator and Sustainer of all things is our understanding of truth as a seamless web, in which all truth is God's truth. Educational leaders should be guided by the proposition of the unity of truth as being basic to a well-ordered society.
2. Openness – Education is rooted both in tradition and change. This commitment includes a belief in the need to be as fully rooted in the present as in the past. This notion is rooted in a view of God as Ultimate Agent of Change. Educational leaders should be guided by the assumption of the need to be open to the past and the future.
3. Efficiency – Education is enabled by the wise use of human and material resources. This commitment is grounded in the belief of wise stewardship of all resources. This notion is rooted in a view of God as the Giver of all things. Educational leaders should be guided by the assumption that managerial expertise should prepare persons to maximize the efficient and effective use of persons and resources.
4. Personhood – Education is enabled by the democratic commitment to the sanctity of each person. This commitment is grounded in the belief that persons are made in God's image. This notion is rooted in a view of God as the author of the whole human person. Educational leaders should be guided by the assumption that education should be as individualized as warranted to meet the needs of the greatest number of students.
5. Community – Education is experienced in the diverse life of a pluralistic society. This commitment to community is grounded in the belief that diversity is good. This notion is rooted in the view that in diversity is strength, not weakness. Educational leaders should be guided by the assumption that education should be responsive to its various publics, and guide the community toward a life of tolerance.
6. Professionalism – Education is entrusted to those who are trained and dedicated to the highest standards. This commitment to professionalism is rooted in the need to blend training with experience. This notion is rooted in the view that increased professionalism is an asset. Educational leaders should be guided by the assumption that increased professionalism on their part is necessary to the revitalization of education in America.

GRADUATE STUDIES - EDUCATION

7. Democracy – Education is conducted in a democratic society with democratic values. This commitment to democracy is rooted in the notion of the equality of all persons. This notion is derived from the view that interdependence and participatory styles of governance are preferable to hierarchic and authoritarian styles of governance. Education leaders should be guided by the assumption that participatory styles of management, where all voices are heard but no one voice dominates, is preferable.
8. Excellence – Education calls forth the highest in human achievement in all fields of study. This commitment to excellence is rooted in the notion of progress. This notion derives from the view that maximizes relevant opportunity for students. Education leaders should be motivated by the assumption that the nature of the global society is dependent on education fulfilling its potential.
9. Integrity – Education calls for people to live out a life both noble in means and ends. This commitment to the highest good is rooted in the notion of human happiness. This notion is grounded in the belief that noble lives enrich society. Education leaders should be exemplary in their own pursuit of virtue, manifesting integrity both in the means and ends of governance.
10. Progress – Education calls people to live productive and successful lives. This commitment is grounded in the belief that education is necessary for progress. This notion is rooted in the belief that economic and social well-being are linked to learning. Education leaders should prepare the various publics for this commitment, manifesting courage in the face of opposition to all warranted progress in education.

Specific Admission Requirements

The requirements for admission to the MAEL program are as follows:

1. Hold a baccalaureate degree from a regionally accredited college or university.
2. Two (2) years of teaching experience.
3. The Miller Analogies Test is required, with a minimum score of 33 (test date may not be more than five (5) years prior to application date). It may be taken at any university testing center. The SNU Testing Center gives the test by appointment. Please arrange the appointment a minimum of three (3) weeks in advance.

Applicants who are deficient in one or more of the above areas may be admitted to **CONDITIONAL STANDING**.

This 36-semester-hour program is comprised of ten (10) courses (modules).

The application of principles, methods and techniques of research in education. Includes interpretation, evaluation and use of research as well as an introduction to techniques of reporting research.

GRADUATE STUDY IN MANAGEMENT MASTER OF SCIENCE

The Master of Science, Management degree is designed for working adults who hold baccalaureate degrees and who have a strong interest in the effective practice of management. The curriculum has a field-based orientation and includes an intensive independent study component. A portfolio is required which integrates the theoretical and the professional aspects of management as related to the student's employment. Neither electives nor transfer credit is allowed in the program.

The 33-semester-hour program is composed of ten courses (modules) and a series of management seminars. Course descriptions are included in this catalog. Courses are taken in a planned sequence one at a time. Each course consists of six weeks of intensive study including weekly classroom sessions (seminar style), directed independent study and extensive group project activities. The total program consists of 66 class sessions.

Enrollment is in the total program rather than individual courses. Grades, however, are provided for each course. Upon enrollment the student is assigned to a cohort group of students and remains with this group throughout the program.

OBJECTIVES: The Master of Science degree program in Management is professional in nature and is designed to provide a broad educational experience in management. It emphasizes the relationship between management and other functional areas of business. The Master of Science, Management is designed to fulfill the following objectives:

1. Enable the non-management and management employee of the business/government/professional organization to gain appreciation for and understanding of the management function.
2. Provide the student with an opportunity to develop skill in communicating with associates in the management environment.
3. Develop critical thinking with an emphasis on creative endeavor in real-life management situations.
4. Extend the student's appreciation and understanding of the roles that the sciences and humanities play in the day-to-day management of organizations.
5. Provide the student opportunities to view management decision-making from a Christian perspective.

Admission and Program Information

The admission requirements for entry into the Master of Science, Management program are:

1. Having met the requirements of Full or Conditional Standing.
2. Competency in computer applications must be established through approved course work, documented training or proficiency exam. This must be completed before entry into the program.
3. An official test score from the Graduate Management Admissions Test (GMAT) must be submitted prior to entering the program (test date may not be more than five (5) years prior to application date). ***In lieu of taking the GMAT a student may substitute the SNU GSM Quantitative and Writing Test (GSM-QWT).***

It is desirable that a student demonstrates maturity in combination with work experience suitable for an accelerated adult program.

THE PROFESSIONAL PORTFOLIO

Each graduate student in the Graduate Studies in Management program is required to develop a professional portfolio as a part of the graduation requirements. The portfolio will consist of a collection of works that demonstrate the student's growth from entry to completion of the program. The portfolio will be developed under the direction of the Director of Graduate Studies in Management and graduate faculty members and will be developed in conjunction with the coursework. It will be completed by the end of the third semester. Presentation of the professional portfolio will be made at the student's exit interview.

GRADUATE STUDY IN NURSING MASTER OF SCIENCE

The Master of Science with a major in Nursing is designed for baccalaureate-educated registered nurses who want to become effective educators in nursing. The curriculum allows the individual to develop teaching expertise in both academic and clinical settings.

The 39-hour program is comprised of a graduate nursing core (15 credit hours) and an education focus (12 credit hours) presented in a planned sequence, one course (module) at a time. Each course consists of six weeks of intensive study including weekly classroom sessions, group project activities and directed independent study. The 6-hour clinical focus and the 6-hour capstone experience are developed independently based on the individual learner's professional goals and are self-paced. Enrollment is in the total program rather than individual courses.

Objectives: The objectives of the program are to:

- 1) Influence nursing education, practice, research and/or health care environments.
- 2) Utilize specialized knowledge and skills within the focus areas to foster maximal growth within a target population.
- 3) Design activities that support critical thinking, professional growth, open communication and collaborative relationships.
- 4) Commit to a personal ethic of social responsibility and service.

Admission and Program Information:

The admission requirements for entry into the Master of Science with Nursing major program are:

- 1) Admission to the Graduate School with Full or Conditional Standing.
- 2) Baccalaureate degree in nursing from a nationally accredited program.
- 3) Current unencumbered registered nurse licensure in Oklahoma or eligibility for same.
- 4) Documentation of basic computer skills.
- 5) Successful completion of a basic statistics course.
- 6) Brief statement of professional goals.
- 7) Three letters of recommendation speaking to applicant's qualifications to pursue graduate education.
- 8) Test of English as a Foreign Language (TOEFL) score of 550 or higher (traditional version) or 213 or higher (computer version) for foreign educated students. Those who have successfully completed a college degree program in an English-speaking university or in the United States do not need to submit the TOEFL.

The Curriculum:

NURS 6113	Curriculum Dev. for the Health Professions	3 credits
NURS 6116	Clinical Focus	6 credits
NURS 6126	Capstone Experience	<u>6 credits</u>

TOTAL 39 credits

Course Offerings:**NURSING (NURS)****5113 Theoretical Foundations of Nursing (3 Hours)**

The study and application of relevant theories and concepts that allow the professional nurse to develop a comprehensive and holistic approach to clinical nursing practice.

5123 Theoretical Foundations of Teaching (3 Hours)

Emphasis is on application of learning principles and adaptation of subject matter content and teaching techniques to the learner population. Also examines legal and professional issues facing contemporary educators (i.e. teacher and learner rights and responsibilities, confidentiality, classroom management issues, etc.).

5133 Nursing Research (3 Hours)

This course focuses on the discovery and utilization of new knowledge to provide high quality health care, initiate change and improve nursing practice. The focus is on the identification of researchable problems and the utilization of research as a basis for decision-making in the practice setting. A research proposal will be developed.

5143 Teaching & Evaluation Methods (3 Hours)

A variety of instructional strategies (lecture, seminar, self-directed learning, laboratory practice, simulations, case studies, journaling and effective clinical instruction) will be considered. Describes methods to evaluate knowledge acquisition and critical thinking of the learner in various settings. Emphasis on development and administration of valid and reliable knowledge- and performance-based tests.

6113 Curriculum Development for the Health Professions (3 Hours)

Provides elements of curriculum design, including course and syllabus development, evaluation of student learning and current issues in teaching in the health professions. Emphasis is on the academic preparation of professional nurse faculty.

6123 Profession as Ministry (3 Hours)

The focus of this course is on professional role development providing the learner with an understanding of the integration of faith, learning and living in the practice of nursing. Ethical decision-making, patient advocacy and service to the global community are emphasized.

6133 Health Promotion, Maintenance and Protection (3 Hours)

The study of personal, clinical and community-based intervention and utilization of health-care resources to influence the goal of achieving and maintaining health is the focus of this course.

6143 Information Management (3 Hours)

Integration of data into a total information system necessary for decision making is considered. Issues of information theory, communication, document flow and internal control are studied.

6153 Trends and Issues in Health Care Policy (3 Hours)

A study of the current trends in health care including health-care financing, globalization of health care, allocation of scarce resources, social issues, life-style choices, cultural sensitivity and diversity which influence the world's health status.

6116 Clinical Focus (6 hours)

Experiences are individualized to meet learning needs of the learners. May be accomplished concurrently with other courses.

6126 Capstone Experience (6 hours)

Development and presentation of a project which integrates all elements of the learning experience. May be a thesis, internship or other special project. It is recommended that students begin planning and developing this experience by mid-point of the program.

SCHOOL OF THEOLOGY & MINISTRY MASTER OF ARTS (MA)

Objectives

The program of studies for the Master of Arts Degree in Theology seeks to meet the needs of ministerial students, active ministers and laypersons interested in reflective biblical, theological and ministerial studies. A candidate's studies can be directed in accordance with his/her personal goals and needs. For anyone who is interested in more advanced scholarship in the academic disciplines, the degree may focus on studies in Bible and theology. For someone who wishes to cultivate skills for ministry, the degree may focus on studies in practical theology and Christian education. This flexibility makes the program attractive to practicing ministers as well as first-time graduate students holding recently conferred baccalaureate degrees.

The courses for the MA degree in Theology are offered in three different formats. There are several week-long modules offered each year, typical of adult studies programs. Students are expected to do preliminary reading and study before the week of classroom instruction for a module. That week begins on Monday afternoon, includes all day on Tuesday, Wednesday and Thursday, and concludes by noon on Friday. Follow-up written assignments for research and reflection are then due a month after the week of classes.

There are also more traditional instructional formats, fitting within the usual semester. These include seminars, which meet one afternoon each week for the entire semester, and typical lecture courses which meet two or three times each week throughout the semester.

This variety in instructional delivery also makes the MA program attractive and feasible for full-time ministers living at a distance as well as for typical, traditional graduate students living near the campus. The interchange between students from a wide range of perspectives and experience in a given module or course adds a positive dimension to the learning experiences envisioned for the classes.

The School of Theology & Ministry gives full support to Nazarene Theological Seminary and encourages its graduates to take advantage of the broad, three-year professional program of Nazarene Theological Seminary. The Seminary will normally transfer credit from the Southern Nazarene University Master of Arts in Theology program and will grant advanced standing as allowed by the guidelines of the Association of Theological Schools.

Through the Master of Arts Degree the school aims to:

1. Increase the student's understanding and appreciation of the Bible as both the Word of God and the work of inspired writers.
2. Acquaint the student with the historical, exegetical, theological and devotional literature of the Christian religion.
3. Encourage proficiency in the biblical languages as an aid to research and exposition of the Bible.
4. Inspire deep commitment to the worldwide mission of the church.
5. Improve effectiveness in Christ's kingdom through increased professional competence.
6. Enlarge the intellectual and spiritual perspectives of its candidates.
7. Develop professional competence in the techniques of scholarly research and communication.

GRADUATE STUDIES – THEOLOGY & MINISTRY

8. Identify and promote the student's mastery of the foundations for ministry – biblical, theological, historical and social.
9. Cultivate the student's skills for ministry – communicative, hermeneutical, leadership, administrative, organizational and pastoral.

Specific Admission Requirements for the M.A. Degree

1. Have previously earned a baccalaureate degree from an accredited institution. The degree does not have to be in Religion/Theology, although an undergraduate major or minor in Religion/Theology is the most beneficial as a basis for graduate work in Theology.
2. Have completed a minimum of six (6) semester hours in Systematic Theology. Students deficient in this area may still be admitted, but must take the course Theological Method (THEO 5303) as part of the M.A. CORE.
3. Have undergraduate preparation in a foreign language of at least nine (9) semester hours. Students deficient in this area have two further options: a) take three (3) hours of Biblical Hebrew as an elective or cognate course, or b) take an additional Bible course as an elective.
4. Have completed at least fifteen hours of religion at the undergraduate level, including three (3) hours in Old Testament and three (3) hours in New Testament. Students deficient in this area will take the course Biblical Interpretation (B LT 5203) as part of the M.A. CORE.
5. The Miller Analogies Test is required, with a minimum score of 33 (test date may not be more than five years prior to application date). It may be taken at any university testing center. The SNU Testing Center gives the test by appointment. Please arrange the appointment a minimum of three (3) weeks in advance.
6. See the Introduction section of this catalog for other admission requirements.
7. Applicants who may be deficient in one or more admission requirements may be admitted to CONDITIONAL STANDING.
8. CANDIDACY: Completion of or concurrent enrollment in at least twelve hours.

Curriculum for the Master of Arts Degree

The M.A. degree is a thirty-six- (36) hour program. It is built around a twelve- (12) hour CORE in Biblical Literature and Theology, augmented by twenty-four (24) hours of a concentration in Bible, Theology or Practical Theology (or any combination of these). It can be used as a terminal degree, a pre-seminary program, or a basis for other graduate study.

Courses carrying graduate credit are arranged on three levels designated by the first digit in the course number. Courses numbered 6000-6999 are designed for graduate students only. Courses numbered 5000-5999 are graduate level courses that are also open to select undergraduate seniors.

Courses numbered *4000-*4999 are advanced, upper-division undergraduate courses which are also open to graduate students. These courses have additional requirements when taken for graduate credit. Normally, 3000-level courses are not accepted in the M.A. degree program.

GRADUATE STUDIES – THEOLOGY & MINISTRY

The 12 hours of required Core Courses must be taken from 5000- and 6000-level courses. To become eligible for the M.A., the candidate must complete an approved program of 36 hours of graduate work. The Theology program offers both a thesis and a non-thesis option.

NOTE: A minimum of 18 hours must be in courses in which only graduate students may enroll (typically 6000-level courses).

Requirements for the Master of Arts Degree

- I. Core (12 hours)
 - Theological Method (3 Hours)*
 - Biblical Introduction (3 Hours)
 - Biblical Interpretation (3 Hours)**
 - Theology of Church and Ministry (3 Hours)
- II. Concentration (24 hours)
 - Bible
 - Theology
 - Practical Theology

*Students entering the program with six (6) hours of Systematic Theology have the option of substituting another Theology course.

**Students entering the program with at least fifteen hours of Religion, including three (3) hours of Old Testament and three (3) hours of New Testament, have the option of substituting another Bible course.

Students may still take a thesis option for up to six (6) hours.

General Information

Graduate level courses in Biblical literature may not be taken until Biblical Introduction (B LT 5233) is completed; graduate level courses in Theology may not be taken until the student has met the prerequisites for Systematic Theology OR has completed Theological Method (THEO 5303).

Biblical Introduction is foundational for the M.A. program and should be taken as soon in the student's program as possible. It is usually offered in modular format every 12 to 16 months.

A background in biblical languages is beneficial in all Biblical Literature courses. The Greek Testament will be a major source for New Testament courses and the Hebrew Bible will be used in Old Testament courses. Therefore, a biblical language is strongly recommended as the language admission requirement.

A Graduate Committee will be appointed for students choosing a thesis option. The student will work closely with this committee in preparing the thesis.

A distinction is made between Directed Readings and a Directed Study course. In a Directed Study course the student must meet with the guiding professor at least five (5) hours during the semester, preferably once every three to four weeks. In a Directed Readings course the student is expected to work more independently and must meet with the guiding professor at least twice during the semester, including a final session at the end of the semester. A Directed Readings course may be taken only on a Pass/Fail basis. A Pass represents the equivalent of B or better work. A student is permitted to take no more than four (4) hours of the 36-hour program by Directed Study and/or Directed Readings. Approval by the MA Coordinator and the professor of the area in which the work is being done is required, and depends on the interest and

GRADUATE STUDIES – THEOLOGY & MINISTRY

capability of the student to do work in the proposed area, as well as the availability of a professor to supervise the work. A syllabus of required work must be filed with the M.A. Coordinator.

Exit Evaluation

Each candidate for graduation must successfully complete an exit evaluation. For the thesis candidate, the thesis will be the basis for the evaluation, to be conducted by the candidate's thesis committee. For the non-thesis candidate, the evaluation will be conducted by three members of the School of Theology & Ministry appointed by the MA Coordinator.

Cognate Studies

Cognate courses may be selected from any field in which graduate courses are offered at SNU. If special permission is given by the Graduate Dean and the M.A. Coordinator, cognate courses may be taken in other fields by consignment or transfer. Grades of B or better must be earned in all transfer or consignment work.
