AT SOUTHERN NAZARENE UNIVERSITY, WE DON'T JUST BELIEVE IN YOUR DREAMS. WE EQUIP YOU WITH THE BEST EDUCATION WHICH GIVES YOU THE CONFIDENCE TO MAKE YOUR DREAMS A REALITY.

We know you are selecting a college for more than just its location or school colors. You want to go somewhere that will prepare you for the future. Your future.

At Southern Nazarene University, we want that for you too. That is why we work hard to make sure our degrees are supported by some of the top curriculum available.

We hire highly-qualified faculty who not only know the ins and outs of the profession you seek, but who truly wish to see you succeed individually. And we make sure you leave SNU prepared for a great job in accounting. That’s why we can encourage you to not just dream, but to dream with confidence.

WITH STREAMLINE PROGRAMS

At SNU our Accounting CPA program is designed to accelerate your CPA career path. The 150 hour undergraduate program provides all the knowledge you need to complete your CPA. At the end of the program you will be academically qualified to sit for the CPA exam in Oklahoma.

The SNU School of Business is accredited by the Association of Collegiate Business Schools and Programs (ACBSP), which is more than just a bunch of fancy words. It means you can count on any of the over 400 ACBSP accredited universities accepting your credits from SNU if you choose to pursue graduate studies. In our business program you will learn in a variety of ways. Experiential-based learning. Emphasis on team development based learning. Strong ethics orientation.

In addition to a normal core of business classes, we focus on specific characteristics to make your SNU accounting degree a step above of the rest. We call them distinctives. The emphasis on our ethics distinctive begins in our gateway course, Ethics and Business Principles, and is pulled through the entire curriculum, completed with the capstone course, Business Policy. This distinctive builds a theme for decision-making and analysis not just in your courses at SNU but as you enter the workforce as well.

The second distinctive is in service. While studying at SNU, you will be encouraged to hone in on your serving skills through a variety of opportunities. Perhaps you will join Angel Tree, volunteering year round as you come alongside children and families of incarcerated parents with support, mentoring, and educational help.

WITH UNIQUE OPPORTUNITIES

At SNU we know your education needs to extend beyond the classroom, you need exposure to your future career path. Through our accounting program you will spend time
interning at prominent businesses to gain real life experience. An outstanding benefit to your future career! Hamilton and Associates, Inc. Baldwin and Company, PC, Hyde and Company CPAs, PC.

Consider spending a summer and one semester with Morningstar Institute who provide an international combined study abroad/internship program. You will have the opportunity to have hands-on experience in working with the very poor in developing countries to start their own businesses.

Or join Students in Free Enterprise (SIFE) for opportunities to serve the community or internationally. Currently the SIFE team is working with a sister team in Swaziland developing local businesses to help the economy. Through SIFE you will gain hands-on experience as you deal with real business issues and become prepared for your first full time job.

WITH HIGHLY-QUALIFIED PROFESSORS
At SNU our accounting professors have more than just teaching experience. Each an expert in his or her own field, with over 50 years of combined “real-world” experience. Not to mention a passion to see you succeed in your accounting career. We challenge you to find a better qualified faculty.

Study under Professor Garrett with his 35 years of CPA experience, including running his own CPA practice. Or Professor Powell with 30 years experience as a CPA. She is equipped and qualified to help accounting majors reach career goals. The required annual continuing education keeps them on top of their fields. Both have done civic and community service using their accounting knowledge which translates to even more practical experience you will be able to learn from.

WITH PREPARATION FOR AFTER GRADUATION

Scott Riggins is an SNU accounting graduate who works in a unique accounting field. Riggins is a Missionary-Finance for the Africa Region of the Church of the Nazarene. As such, he handles all funding received by the Church of the Nazarene for Africa and ensures that it makes it where it is intended to go.

After college, Riggins spent a year serving overseas through an SNU program in Bulgaria. “I still came back to the US and searched for a “regular” accounting job, but the Lord led me back to missions. Expecting to hear I would need a religion or missions degree to serve overseas, I was told that my accounting degree could be used at various field offices, regional offices, or institutions. SNU not only provided me with the education that I needed to fulfill the Lord’s calling in my life, but also the experiences and setting for what opened up my eyes and heart to missions.”

Riggins completed his MBA with an emphasis in International Finance from Franklin University in Columbus, Ohio and has served in over 50 countries, lived and served in 7 of them including extended periods in Eurasia, Papua New Guinea and now in Africa.

If a dream is a blueprint of a goal not yet achieved, at SNU we partner with you to focus your efforts to attain whatever it is you hope to accomplish. Thus, we say DREAM WITH CONFIDENCE.
