Lifespan
Survey of the Exceptional Children
Professional Decision Making
Student Teaching Seminar
Student Teaching: Elementary
Student Teaching: Secondary

AT SOUTHERN NAZARENE UNIVERSITY, WE DON'T JUST BELIEVE IN YOUR DREAMS. WE EQUIP YOU WITH THE BEST EDUCATION WHICH GIVES YOU THE CONFIDENCE TO MAKE YOUR DREAMS A REALITY.

We know you are selecting a college for more than just its location or school colors. You want to go somewhere that will prepare you for the future. Your future.

At Southern Nazarene University, we want that for you, too. That is why we work hard to make sure our degrees are supported by some of the top curriculum available.

We hire highly-qualified faculty who not only know the ins and outs of the profession you seek, but who truly wish to see you succeed individually. And we make sure you leave SNU prepared for a great job teaching Physical Education. That's why we can encourage you to not just dream, but to dream with confidence.

WITH UNIQUE PROGRAMS

The SNU Physical Education degree will help you build a strong foundation for a successful teaching career. As a student you will gain the skills required for teachers and coaches in public and private schools.

Our four-year program will meet both state and national standards. Oklahoma State competencies for licensure. National Association

for Sport and Physical Education professional recommendations. So not only will you get a degree, you will earn a degree that is backed by two highly respected standards.

WITH UNIQUE LEARNING OPPORTUNITIES

At SNU we know you need more than just classroom lectures to learn. That's why we create unique environments to take your education to the next level.

You may want to participate in our tutoring program where you can work with local K-6 students needing special attention in curriculum and classroom training. This program gives you excellent practical and real-world experience.

Physical Education majors will have the opportunity to observe over 64 hours of authentic classroom experiences before their student teaching semester.

Many Physical Education majors enjoy getting involved with the community through volunteering. Perhaps you will volunteer to work with area club sports or community youth leagues. Through volunteering, you can gain additional field experience and build your resume for future job hunting.

SNU

WITH HIGHLY-QUALIFIED STAFF

Your professors here at SNU are more than just capable of teaching, they are experts in their fields of study with years of experience. On top of that, they have a personal investment in your success.

Take a class from Stephane Shellenberger, the faculty/director for Leisure Services, the assistant athletic director, and senior woman administrator. She has a M.A. in Education/Physical Education from the University of Central Oklahoma. In addition, she has experience directing a grant from the Oklahoma County Health Department, and has spent time teaching in Oklahoma.

WITH PREPARATION FOR AFTER GRADUATION

Upon graduation you will be prepared to pass the Oklahoma General Education Test, Oklahoma Subject Area Test and the Professional Studies Area Test in order to obtain your Oklahoma state teaching license. Each spring our offices are flooded with calls from school administrators looking to hire an SNU graduate to fill their teaching needs. Looking to hire you.

And they find what they are looking for—prepared teachers who are a head above the rest. Teachers like Daniel Cunningham, the head boys' basketball coach at Putnam City Original High School and a Physical Education teacher.

"Sports has been a large part of my life so I always knew that I wanted to be a part of that through college," says Cunningham who is looking into starting graduate school next year. "SNU was my springboard to that life. The faculty, and my department advisor specifically, were the people who gave me the tools to begin that journey. Each class that I took showed me the importance of the impact that I could make on someone else's life, let alone my own."

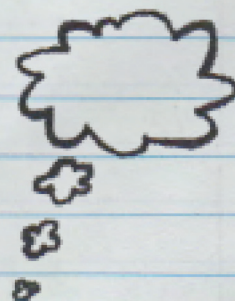

If a dream is a blueprint of a goal not yet achieved, at SNU we partner with you to focus your efforts to attain whatever it is you hope to accomplish. Thus, we say **DREAM WITH CONFIDENCE.**
