

Television & Gaming - Connecting your Devices

Due to the high volume of traffic on the secure University network, all gaming and streaming devices must use a wired connection (ethernet cable) plugged into the network jack in each residence room.

Television Option 1 - get [free local stations](#)

You must have a HD Antenna like this one - [HDTV Antenna](#)

Be sure to read the documentation that comes with the Antenna.

Hook the coax cable from the antenna into the back of the TV

Position the antenna on the wall as the instructions suggest

Television Option 2 - buy cable TV service from Cox. Check with your RD for physical residence address.

Call Cox: 405-600-8282 or visit a Cox retail store.

- **Cox Solutions Store**
519 NW 23rd St #102 · (405) 604-8777
Open until 7:00 PM
- **Cox Solutions Store**
Westgate Marketplace
217 S. MacArthur Blvd., St. 106 · (405) 470-8545
Open until 7:00 PM

Streaming/Gaming - All devices must be on a wired connection (ethernet cable) to the Internet

NOTE: Personal wireless routers are not authorized to be connected to the SNU network.

Television option 3

Preferred, Highest Quality Performance with wired connection (ethernet cable) for watching Free Apps like NBC Sports or Paid Apps like WatchESPN or Cox Contour which requires a purchased membership and log-in credentials:

Roku [Channel Store](#)

Amazon Fire TV [Apps and Games](#)

Apple TV [Entertainment](#)

Smart TVs (Those with an ethernet port)

Laptops (for streaming without TV)

- Laptops, preferably on wired connection (ethernet cable), can connect to a Smart TV with a HDMI cable and stream video. Some may require additional adapters.
 - Dell Latitude 3470, HDMI and VGA interfaces
 - 13" and 15" MacBookPro, HDMI interface. Some MacBooks may need an additional adapter.
 - Lenovo, HDMI, ethernet and VGA interfaces
 - Fujitsu, Display port, ethernet and VGA interfaces
- These devices can also connect to a TV with a HDMI cable and can have a wired ethernet connection to the Internet:
 - Xbox One and Xbox 360 Slim
 - PlayStation 4
 - *Nintendo needs a [Wii USB to Ethernet Adapter](#) for wired connection

Not recommended:

- *Chromecast will not work on SNU's network at this time. Works best on home networks.
- **Amazon Firestick has no wired option

If you have questions, contact your RA
For network connection problems, call the Helpdesk 491-6396 8 a.m to 5 p.m.
