RE: STUDENT HEALTH INSURANCE OPTION AND ENROLLMENT.

DATE: 2016-2017 SCHOOL YEAR

This letter contains important information concerning health insurance options.

Southern Nazarene University encourages all students to have health/medical coverage. Enclosed are an Insurance Verification Form and a synopsis of the Student Health Insurance Brochure. Please take the time to read the information and understand its benefits. This policy *does not cover* injuries that occur during collegiate sports.

If you have any questions, please call Carol Braaten, Administrative Assistant, at (405) 491-6605 at the Student Health Center. You may call Academic Health Plans at (855) 343-8387. To view the Student Health Insurance brochure, you may do so by going to snu.myahpcare.com. After final enrollment temporary insurance cards may be printed from the insurance website. Permanent cards will be available in the Student Health Center in September.
